REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 37 C.F.R. § 1.322

The Assignee of the above-referenced patent, Purple Mountain Server LLC, requests that the attached Certificate of Correction be issued. Pursuant to 35 U.S.C. §255 and 37 C.F.R. § 1.322, errors by the Office, whose mistake is clearly disclosed in the records of the office, may be corrected by a Certificate of Correction. As set forth below, the attached Certificate meets those criteria.

I. Mistake of the Office

The attached Certificate of Correction corrects typographical errors in the claims of the above-referenced patent.

Claims 1, 11, 28, and 30 were amended by Examiner's Amendment in the Notice of Allowance dated January 30, 2006. On page 5, line 9 of the Notice of Allowance, line 17 of claim 1 reads "sub-array, the fourth *row* being one logical row from the" (emphasis added). On page 7, line 16 of the Notice of Allowance, claim 30, line 13 reads "least one array row of at least one of the *I* plural DRAM" (emphasis added). The Notice of Allowance renumbered claim 30 to be claim 17.

According to PAIR, in the last set of claims submitted by the Applicant on May 25, 2005, claim 1, line 17 reads “sub-array, the fourth ~~row~~ being one logical row from the” and claim 30, line 13 reads “least one array row of at least one of the plural DRAM” without the letter “I” inserted. Also according to PAIR, the claims marked by the Examiner on November 18, 2005 for the Examiner’s amendment do not recite either the “fourth row” language of claim 1 or “the I plural DRAM” language of claim 30. Applicant submits that these errors introduced into claims 1 and 30 (renumbered as issued claims 1 and 17 respectively) were due to a mistake made by the Office.

With this request, Applicant has submitted a Certificate of Correction to rectify these errors by making the following corrections:

Claim 1, col. 7, line 11, delete “fourth row” and replace with --fourth row --.

Claim 17, col. 8, line 55, delete “the I plural DRAM” and replace with --the plural DRAM--.

II. No New Matter

The requested correction does not introduce new matter, or materially affect the scope or meaning of the patent. Applicant respectfully requests the Office correct its error and issue the attached Certificate of Correction.

III. Fees

As this is an error due to the Office, Applicant believes no fees are due regarding this request. Nevertheless, Applicant authorizes the Office to charge any underpayment or credit any overpayment related to this request to Deposit Account No. 13-2490.

Respectfully submitted,

Dated: March 29, 2010
